CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Being an affiliated college, the institution is bound to follow the curricula prescribed by the MJPR University, Bareilly. At the outset, the principal of the college and the coordinator of the IQAC conduct meetings with the various department heads to develop strategies for effective implementation of the curricula prescribed by the University. The Timetable Committee prepares timetable for all the departments. The heads of departments hold meeting with their faculty members in order to design effective plan for teaching, allotment of paper and syllabus, and distribution of workload among all the faculty members based on their specialization, teaching experience and other personal traits. Then the teachers discuss the entire syllabus of the paper assigned to them with the students in the class and suggest relevant books which they can purchase from the market or get issued from the College Library. The teachers guide students to prepare notes not only for the year end University exams but also for competitive exams. The students are also given information about the relevant learning material available on the Internet. The queries raised by the students are immediately attended to and clarified. The students are also encouraged and motivated to hold interaction with the teachers during free periods. After completion of the syllabus the FAQ in the University exams are discussed with the students. In practical subjects, all the experiments prescribed in the syllabus are carried out under the supervision and guidance of teachers. In several subjects like geography, zoology and botany, field trips are undertaken under the supervision of teachers. Since the college strives to bring the all-round development of students' personality, co-curricular and extracurricular activities are promoted with the help of NCC, NSS and Rovers and Rangers units of the college. The faculty members of the college are encouraged to attend and participate in seminars, workshops, conferences and orientation and refresher courses so that they update themselves with the latest trends and technology and improve their teaching practices. The IQAC monitors the academic activities on a regular basis to ensure the effective implementation of the planning.

The college is a 55 year old Institution located in educationally backward Amroha district, which has around 70 percent muslim population. Moreover the population in the neighboring areas of Amroha is quite economically weak. As we all know the Muslim community is reluctant to educate their wards, especially the females. The college has taken on initiative to bring this educationally and economically deprived sector of the population into the main stream of the nation. The college is continuously disbursing the government scholarships. In the college about 60 students are female. So "Beti bachao Beti padhao" and "Desh ki Saksharta badhao" slogans have been put into practice by our college. Several pass out of the deprived community, have acquired prestigious positions in various sectors and many are engaged in local services. Numerous opportunities provided by the college serve as a stimulus for the deprived community. Thus, the college is endeavouring to provide the standard education to the wards of economically and educationally backwards population of the area and playing a leading role in promoting the cause of education, communal harmony and social welfare. The Muslim community is happily sending their children to the college and the dropout rate of females has diminished considerably.
