CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Being an affiliated college, the institution is bound to follow the curricula prescribed by the MJPR University, Bareilly. At the outset, the principal of the college and the coordinator of the IQAC conduct meetings with the various department heads to develop strategies for effective implementation of the curricula prescribed by the University. The Timetable Committee prepares timetable for all the departments. The heads of departments hold meeting with their faculty members in order to design effective plan for teaching, allotment of paper and syllabus, and distribution of workload among all the faculty members based on their specialization, teaching experience and other personal traits. Then the teachers discuss the entire syllabus of the paper assigned to them with the students in the class and suggest relevant books which they can purchase from the market or get issued from the College Library. The teachers guide students to prepare notes not only for the year end University exams but also for competitive exams. The students are also given information about the relevant learning material available on the Internet. The queries raised by the students are immediately attended to and clarified. The students are also encouraged and motivated to hold interaction with the teachers during free periods. After completion of the syllabus the FAQ in the University exams are discussed with the students. In practical subjects, all the experiments prescribed in the syllabus are carried out under the supervision and guidance of teachers. In several subjects like geography, zoology and botany, field trips are undertaken under the supervision of teachers. Since the college strives to bring the all-round development of students' personality, co-curricular and extracurricular activities are promoted with the help of NCC, NSS and Rovers and Rangers units of the college. The faculty members of the college are encouraged to attend and participate in seminars, workshops, conferences and orientation and refresher courses so that they update themselves with the latest trends and technology and improve their teaching practices. The IQAC monitors the academic activities on a regular basis to ensure the effective implementation of the planning.

2. Objective of the practice: To inculcate awareness about spiritual discipline along with physical health and fitness among the students of the college and the society at large.
3. Context of the practice: People have been practising yoga for over 5000 years now to keep themselves healthy and fit. Yoga boosts mental and physical health and improves overall well-being. The United Nation declared June 21 as the International Yoga Day in 2015, and since then the event is being celebrated every year in the college campus on a grand level.
4. The Practice: Following the guidelines provided by the central and state governments, the college celebrated International Yoga Day on 21-June-2020. For the first time, Yoga went digital. This years theme was Yoga at Home and Yoga with Family. As no vaccine for coronavirus is available yet, only a strong immunity can act as a protective shield for us. The practice of yoga leads to both physical and mental wellbeing and increases an individuals ability to fight diseases. A large number of students practised yoga under the guidance and instructions of Acharya Bal Krishan Ji and Dr Sumedha, the instructor and Yogacharya of Patanjali Yogapitha Haridwar. They taught them how to perform different yoga asanas and pranayam. They also gave a practice of Anulom-Vilom, Kapalbhathi, and Bhastrika. 5. Evidence of Success: Involvement of students, staff members and members of the managing committee of the college is evidence of the successful celebration of the event. The entire sequence of the events during the celebration of Yoga Divas was snapped by the photographer and covered by various newspapers.
6. Problem encountered and resource required: Online digital platforms being a comparatively new and recent mode of connecting on a mass level, students found it quite difficult to participate in the event because of their unfamiliarity with this mode. Besides, lack of resources and technical glitches like loss of connectivity at times were also encountered during the organization of the event.

The college is a 59-year-old Institution located in the educationally backward Amroha district, which has around 70 Muslim population. Moreover, the population of the neighbouring areas of Amroha is quite economically weak. As we all know the Muslim community is reluctant to educate their wards, especially the females, the college has taken an initiative to bring this educationally and economically deprived sector of the population into the mainstream of the nation. The college is continuously disbursing government scholarships. In the college about 63 of students are female. So "Beti Bachao Beti padhao" and "Desh ki Saksharta badhao" slogans have been put into practice by our college. Several pass outs of the deprived community, have acquired

prestigious positions in various sectors and many are engaged in local services. Numerous opportunities provided by the college serve as a stimulus for the deprived community. Thus, the college is endeavouring to provide the standard education to the wards of the economically and educationally backward population of the area and playing a leading role in promoting the cause of education, communal harmony and social welfare. The Muslim community is happily sending their children to the college and the dropout rate of females has diminished considerably.
